**Voted Best Track-Out
Camp 2012 & 2013**

LEGO® Stop-Motion & Animation with 3D Printing:

Let your children explore the world of stop motion and animation concepts in our creative Animation & Movie Camp! Campers will plan, design, direct, and film their very own movies by drafting storyboards, building Lego pieces and sets, adding music, and applying special effects. Children can utilize our many popular curriculum themes: Super Heroes, Star Wars, Lego Friends, Arcade Games, or, get as creative as they'd like! Campers will have the opportunity to experience the 3D Animation world with our 360 degree cameras and Virtual Reality/Augmented Reality headsets!!! In addition, this course includes an introduction to the world of 3D printing! Campers will learn about 3D printers and make their own creations using our awesome 3D printing pens!

Robot Madness!

It is all about Robots in Robot Madness camp! Campers will get to work in small bot teams using our raved about Lego Mindstorms/EV3 Robotics kits! After learning about design and the building process, teams will participate in various challenges including ramp climbs, line challenges, and bot fights! In addition to the Lego Robotic kits, we also use other robotic kits such as ozobot and Edison robot. In today's constantly changing world of technology, campers will be introduced to some of the latest technological advances in robotics such as humanoid robots. Packed with tons of Robot fun, this is our most popular camp yet!

Tech Engineering with Lego® & 3D Printing

Explore your curiosity for technology at our Technology Engineering Experience! Designed with kids in mind, our Technology Experience includes Lego Engineering, Lego Movie Making, Robotics, Drones, and more! Working in small teams, kids will learn about various engineering, technology, robotics, aerodynamics and animation concepts, and apply these to many different projects. Campers will have opportunity to experience the 3D virtual reality world with our Virtual Reality/Augmented Reality headsets!!! In addition, this course includes an introduction to the world of 3D printing! Campers will learn about 3D printers and make their own creations using our awesome 3D printing pens!
